B. Brand Visibility

The festival's official sponsor page displayed partner names and their sponsorship categories. This allowed students and visitors to identify the brands associated with the event.

Different sponsorship categories also connected brands with relevant parts of the festival. For example, the refreshment and beverage partners were associated with food and drink, while the merchandise partner was connected with festival merchandise and gear.

C. Sponsor Activities

The sponsorship categories indicate the different roles played by the brands:

- Cafe Riboco supported the festival as its official refreshment partner.
- Aahsome was listed as the beverage partner.
- Emrald by Eshh was associated with merchandise and gear.
- Custard Wala was listed as the streaming partner.
- intencity was associated with workshops.

- Lime & Bubbles was listed as the media partner.

The public sponsor page confirms these roles, but it does not provide complete details about specific stalls, product demonstrations or contests. Such activities should not be assumed without additional evidence.

D. Sponsorship Benefits

- Direct association with a college audience.
- Opportunities for brand recognition among students.
- Product-category visibility through relevant sponsorship roles.
- Potential engagement with students through merchandise, workshops and festival-related services.

3. Sympulse – Symbiosis Centre for Management Studies, Pune

College Name: Symbiosis Centre for Management Studies (SCMS), Pune
Fest Name: Sympulse
Type of Fest: International Student Festival

A. About the Fest

Sympulse is the annual student festival organised by Symbiosis Centre for Management Studies, Pune. It includes cultural activities, competitions, sports, business events and student engagement activities.

The festival attracts students from different colleges and provides a platform for brands to reach a young audience.

B. Sponsor Brands

Sympulse publishes sponsorship information through its official festival website and sponsorship brochure. The brochure is an important source for identifying the brands associated with a particular edition.

For an accurate sponsor list, the 2025 sponsorship brochure should be consulted directly. Since the sponsor names could not be reliably extracted from the available text, this report does not invent or guess specific brand names.

C. Brand Visibility

The festival's sponsorship brochure and official website provide channels for presenting sponsor information. The event's promotional activities can help sponsors reach students and festival participants.

Possible visibility formats include:

- Sponsor logos on promotional material.
- Social media announcements.
- Event branding and promotional displays.
- On-ground brand engagement, where included in the sponsorship agreement.

These are common sponsorship formats; the exact formats used by each Sympulse sponsor should be verified from the relevant edition's brochure or event photographs.

D. Sponsor Activities

Sympulse includes cultural performances, competitions, business events and sports activities. These create opportunities for sponsors to connect with students.

Depending on the sponsorship agreement, brands may participate through stalls, contests, product promotions or event partnerships. However, specific activities should only be attributed to a brand when supported by official evidence.

E. Sponsorship Benefits

- Access to students from different colleges.
- Increased awareness among young consumers.
- Opportunities for event-related promotion.
- Association with youth culture, creativity and student activities.
